Drive Breakthrough Performance with Innovative Strategic Planning

Presented by Jim Bandrowski

Create your company's vision and strategy, and implement it with the help of a CEO peer advisory group. At this complimentary event, you will:

- Identify and capitalize on new opportunities for your company.
- Gain insights that foster breakthroughs in strategy, operations and execution.
- Launch, reinforce and monitor a successful vision and strategy.

You will also have the opportunity to experience an issue processing session led by a Vistage Chair and learn how a C-level peer advisory group can help your business. RSVP today if you're interested!

Gary Hirsch Vistage Chair

Gary Hirsch is a trusted advisor to CEO's, business owners and senior executives. As CEO of a Tucson coaching, training and consulting firm he has advised business leaders locally, nationally and worldwide. As Vice President of a Washington DC consulting firm, he led efforts by the US Department of Energy to transform the way American industry uses energy. At the onset of deregulation he developed innovative programs to finance capital improvements and reduce utility costs and helped energy companies develop branding strategies to sell deregulated commodities. He has held senior leadership positions in business and government. He holds a Bachelor's Degree in energy engineering and policy from the Evergreen State College.
